

COLLECTION
Cool

Cool

Collection COOL gives order and elegance to your space. Massive aluminum frames include noble fronts in mirror or glass, which are finished with polished metal handles. Structure and front are available in 4 different colors of glass: white, black, brown or anthracite. Thanks to its simplicity and clean lines, which are able to create light environments, this program allows you to make your entrance exclusive with the advantage of saving space.

Structures and front completely in glass

- Cool 2** | Mirror (Frame: aluminium)
